DETAILS AND PRICING

The investment for this engaging and transformative incursion and included follow-up material is \$18+GST/student (minimum investment of \$1,250+GST/day), plus travel expenses (if applicable). The incursion is run by UPP at your school with a whole cohort of students. The best venue is your school hall (or similar), as we use a learning, action, reflection process throughout the day. For the greatest impact, we recommend that classroom teachers are present and involved for the whole day, as this has many benefits to the students and school moving forward.
